

Kent Daniel S. Villavicencio

Audio Visual Consultant at GTP

kdvillavicencio@gmail.com

Summary

Audio Visual Consultant, Videographer and Video Editor looking to currently make an impact in Virginia, Maryland and D.C. as an Independent contractor for small businesses and corporations in Audio Visual and Production Services. I have 7 years of experience on my belt including but never limiting for instance private/public sector IT Sales, E-commerce, Graphic Design, Audio Visual and Videography paired with Video "Motion" Effects. My work can be found all over social media and my affiliations to the entertainment, retail, hospitality, and other network connections is growing exponentially. Be a part of my success as well as yours by contacting me today to see what we can accomplish together.

Experience

Co Organizer at Digital Video, Audio and Animation for Profit and Networking Meetup.com Group

March 2015 - Present (1 year 7 months)

I'm now in charge of organizing reunions for a group that was started back in 2008 that has 300+ members for Multimedia Professionals and others getting started in the Industry.

Audio Visual Consultant at GTP

February 2012 - Present (4 years 8 months)

Audio Visual Show Production Subcontractor - Basically provide support for the setup and teardown (striking) of a conference or party.

Videographer/Cinematographer - I video the events ranging from kid's parties, corporate functions, religious family events, and sweet sixteens.

Video Editor & Visual Effects Designer - I edit the video I shot myself or the video a client has given me to work on and I work by myself or in collaboration with the client.

Media Production Specialist - For a production I can be the Producer, Technical Assistant, Production Assistant, Director of Photography, Director & Technical Director depending on what the client wants for the job.

Redzone Specialist at Apple

November 2010 - December 2014 (4 years 2 months)

I help customers (Business or Consumers) with informing them about my company's products and services and selling those goods to them.

I take appointments over the phone and answer customer questions.

I teach workshops once a week to new owners, current owners, prospective buyers and everyone curious about what my company has to offer.

Audio Visual Specialist at Audio/Visual & Computer Services

November 2008 - November 2010 (2 years 1 month)

I started as an intern and was promoted to assistant operations manager in under a year after my internship was over and exceeded the company quota.

I took requests for A/V services from customers over the phone and office responsibilities.

I came up with problem solving strategies to save resources and personnel for the company.

Audio Visual Specialist and Sales Representative at West Rom Media

June 2009 - December 2009 (7 months)

I came up with innovative solutions with resources on hand to film a wedding or conference (with multiple cameras) then transfer to a DVD as a single product.

I work with audio in recording telephone interviews/conference calls for use in play-back and employee monitoring and help record artists for use in video narration.

I work with older individuals with services like the transfer of their old media (vhs, hi8, betacam, other tape formats and film reels and convert that to DVD or Digital.

Volunteer Experience

Production Assistant at Fairfax Public Access

June 2009 - January 2010

I was either a camera man, light or sound technician as well as a producer to ensure the programming was done right with proper effects using a audio visual switcher and Avid software.

Projects

Greentpyro Productions, LLC.

June 2005 to Present

Members: Kent Daniel S. Villavicencio, Romer Garcia

All the events and projects I work with clients as well as friends and family to know the benefits and importance media and arts has in getting a message across to anyone of all walks of life.

4 people have recommended Kent Daniel S.

"Kent Daniels is very diligent in his projects, he is people-focused, and has always been willing to lend a hand where it is needed. I worked alongside Kent for 2 years at Apple Retail, and he expressed his reliability and success through his actions and calm-demeanor. I can say with certainty that Kent would be a great addition to any team environment, whether technical, creative, or customer-facing. He is a media jack-of-all trades, and excels in all of his endeavors. Most impressive is that he has grown Greentpyro Production Co. and its clientele, throughout the years by leveraging his Sales, Customer Service, and Production skills, and talents. Kent Daniels knows how to get the job done. "

— **Richard Peche**, *Product Sales Specialist and Visual Merchandising, Apple Inc.*, worked directly with Kent Daniel S. at Apple

"I've known Kent for about a year and have found him to be one of the most creative people I know. He looks for innovative solutions and they can be seen in his artistry of shooting videos. His Greentpyro Productions offers clients unique deliverables for their audio-visual needs. Kent's passion shines through in everything he does."

— **Ferris Kaplan**, worked directly with Kent Daniel S. at Apple

"I've worked with Kent on several projects over the years. I have both worked with him as a partner, worked for him on freelance design gigs and also had him working for me as a producer, cameraman, and audio-visual specialist. I can always count on him when everybody else drops the ball. His expertise as a producer in the audio-visual field, his ability to conceptualize and his "out of the ordinary" storytelling technique are great assets when it comes to "get stuff done" specially when everything else fails."

— **Romer Garcia**, was with another company when working with Kent Daniel S. at West Rom Media

"Kent was a very hard working student with me at ITT Tech. He was a very diligent student and worked very hard on his studies. I enjoyed working with Kent on several projects we needed to do in order to graduate. He was very creative on many projects and came up with many ideas to improve them."

— **Joyce Gilbert**, studied with Kent Daniel S. at ITT Technical Institute
